Author's Notes:
Andy\'s fault, and it\'s for her. ;)

How many times a day does he do it?

Ten, a hundred?

Each time the tube appears I feel my cock lurch in my jeans.

Each stroke over those full lips makes me breathe harder.

He always starts at the same corner and I watch as they glisten after the tip passes, around the top and then on to the bottom.

He rubs them together and I squirm.

His tongue tastes the sweetness and I bite back my groan.

He sees me and smiles.

If anyone had ever told me chapstick could make me this hard, I would have laughed.
